Subject: Tiki sound system

Good morning Boss,

I received the forwarded request for the addition speakers to be attached to the tiki system from Anna. I will return to SJ with Carlos to evaluate the setup to make a list of what is needed and get the cushions to drop off to the hanger along with the small klipch speakers.

Additional update:

Large klipch speakers are at Tropical ready to sail on June 25th estimate delivery time both sail and ground trucking to 71st street is estimated 10 days from the sail date.

Regards

Jruan
