when you feel less shy, look at the phot=s i sent they are nude but show li=tle. . modeling is impossible if you are not comfortable w=th your self. you can do it. clien=s do not want to have issues as the dressing rooms are full of nude men and women and if people need to hide behind a curtain =o dress. they hold up the show. . &=bsp; and yes your [REDACTED] will bring the computer with he= so you can skype properly.

I have given you a great deal of time and directions. =3B I think if you are serioius , you can do it. =ut these pictures still have fingers closed. or bent, &nb=p; shoulders up. your body looks really great but cannot=see it. pony tail was helpful, look at your shoulders, the right one you keep very high=2C try to pull it down and back. &n=sp; there are two types of photso one for your book that shows y=u, and the other that shows how clothes look on you. &nbs=; the photos that show your butt . tells little. what type of computer do you have? no web =am?
