there is gold in the refrigerator. there is fo=d in the refriegerator. . . , 1. does e=ther the physical gold or food have more intrinsic value? . d=pends . is the value the same to both owner and , consumer.? depends= need , time frame ? if so how does one calculat= it. what if there is more than two players. 2 exchanga=ility (first order derivative) not the thing itself but wha= one can do with it. - it depends 3. the piece of pape or hun= of useless metal that "states" there is gold =n the fridg ? is that money. ?you get the idea do=s there have to be actual gold in the fridge for it to be accepeted =y others of something of "value". (depends on trust and b=ief system). yesterdays question - If the sentence " t=ere is gold in the fridge " is either spoken or written . =does that change its value? . buyer, seller, trust ,belief system ? =C2
