I wish to confirm scope of work regardi=g the grading at the Log Cabin Grading

My underst=nding from our last conversation was that you wish to flatten the entrance=and the area facing north towards Santa Fe.

To ac=ieve the required grade on the north eastern portion, we will need to be r=ised/back fill an estimated 7'.5" ft. above grade.

To do this a rock with wooden beam support wall will need to be construct=d to support the back fill.

Is this what you had =n mind.

regards

Brice Gordon
