Subject: LEVI'S?

met a most pleasant Israeli man ~45 today who works in the=Dominican Republic (interior) on agricultural projects—so i kidded=him about the psycho-sexual opportunities there, which are notorious for t=er availability and quality if you are into that kind of phenotype =94he is single

in any case, when he heard i was Jewish =n my father's side, he immediately warmed up further <=r> so i tell him about Two-pants Trivers

so he tells me about another Jewish clothing legend in the US—the=invention of Levis

he said during the California =old Rush where all these men hoping to become millionaires were franticall= digging for gold on their hands and knees and the only one to actually be=ome a millionaire was the man who invented a stronger jeans meant for this=kind of work.

The Gold Rush was 1845-55 =80 the invention of the Levi, with studs running down the side—a=as, Google informs me—occurred in 1873 by one Levi Strauss

have you ever heard this one
