Bentley was supposed to leave NY for FL tomorrow Jojo informed me this am that garage damaged front grill (see attached) Garage will repair damage at their expense however i think best to wait to ship Bentley until damages are repaired in NY Is there any other work you may want done while car is in shop?

Denali light bar and seat we can have done when you leave NY I spoke with Stefano (owner) of shop where Michael Angelo works and he would not quote work over the phone and asked that we bring car to his shop when it arrives
