Take 1.5 weeks or 10 days to re-Veneer the pocket door cabin side.,  
The spare veneer is currently in Savannah, I was getting ready to ship to ls=ip,  
It may be best to have savanna accomplish the Re-veneer on pocket door since=their finishing process  
may differ from Eric's, such as we saw with=the silver birch finish.,  
We can remove the pocket door and fly without and use the fwd lav door to is=late cockpit area from  
the cabin temporarily.

When ever you elect to accomplish re-veneer of pocket door.

Just a thought
