I spent a good deal of time on this. Given the Picasso purchase=and the timing of these payments, LDB cash availability is limited if he i= to also make brokerage funding of \$15mm and fund APO1 interest on note (\$=0mm). I am also assuming that DRB cash of \$13mm will not be used for this purpose. I am also assuming APO c=sh distributions of \$0.35 (August) and \$0.34 (Nov) which exceed the \$0.33 =istribution in May. BFP cash can be used but this would reduce BFP =istributions and impair LDB cash flow to pay for the above. Last, I am assuming art loan draws of \$42.5mm to =over \$63.5mm of Picasso payments in June and Oct.

Trusts have cash to cover \$25mm at current time and cash needs are suf=iciently spaced to not have any squeeze. I would think a loan from =rust to LDB would be means to fund payment. Alternatively, a loan f=om trusts to BFP and increase BFP distributions and have fee paid 6/3 and 7/24 from GRAT annuity and partially from Leon&#=9;s incremental BFP distribution.

ESWW shares in name of Financial Trus= Company and signed stock power (Nov 2012) located in EA office (Mar=2015). Stock power was invalid and new stock power was executed and provided to JP Morgan by family office (Mar 2015). =P Morgan went to ESWW transfer agent (Bay City) and was notified tha= the certificates submitted were invalid due to ESWW reverse stock split (=013) as new certificates had been issued by ESWW to replace all previous certificates. Family office re=ched out to Darren Indyke to ask if he could locate new stock certificates=(new certificates would have been issued by ESWW to Financial Trust Compan=). Darren was investigating and liaising with Bay City earlier this month.
