I just finished reading your chomsky email exchange in art=letters. I now understand your, " film it " c=mmment. I spent quite a lot of time with him recently. Odd =A0 but he is warm and funny. in fact - very- =in both categories. I would suggest that as some age , t=e energy required to keep separate their views and their person is require= elsewhere in the body. so a debate is virtually ad hominum . =ike it or not. more charm ,and less argument, I respectfully s=ggest, will get you your desired engagement.
