I will confirm that Warrenty is honored at any Gulfstream fac=lity,, I've already request an interior person to look at the plane=at Jet,

Also the CMC failed on this flight, this was repaired at Savann=h before we departed, the CMC is computer that records engine and aircraft s=stems and sends this data to Gulfstream in Savanah and also Pete is able to=view this info on his computer,, it's similar to a flight data reco=der except it transmits this information via satellite.

Gulfstrea= will work the CMC issue an I'll meet with Plane Perfect interior s=op, they are Gulfstream Palm Beach sub- contractor for any interior work,</=iv>
