Very much so at least at dinner. Was very well-versed in what was going on in technology stuff.

Hard though to not=think about Barbarians and the 80's and the wake of destruction. =I just kept thinking of Michael Douglas "Not a breaker of companies but a liberator" greed speech. I never warmed up to that approach=

Sort of weird to hear some [REDACTED] year old (K=R dude) tell me he was a CEO of a some failing drug company and grew sales=to 500M and then left.
