Dear [REDACTED],
it has =een such a pleasure to work with you in IPI in the past. All my staff who =ave worked closely with you appreciate your skills, command of languages a=d your always warm and amicable personality. I can assure you that in the =uture we will find ways of cooperating in the best interest of IPI and you=elf within the constraints that all international INGOs are operating und=r, particularly in the US where bureaucratic regulations are more complex =nd opaque than in any other country I know.

Warmest regard=

Terje
