I will confirm that Warrenty is honored at a=y Gulfstream facility,, I've already request an interior person to l=ok at the plane at Jet, Also the CMC failed on this flight, this was re=aired at Savannah before we departed, the CMC is computer that records engi=e and aircraft systems and sends this data to Gulfstream in Savanah and als= Pete is able to view this info on his computer,, it's similar to a=flight data recorder except it transmits this information via satellite. Gulfstream will work the CMC issue an I'll meet with Plane P=rfect interior shop, they are Gulfstream Palm Beach sub-contractor for any=interior work,

Thx
