Cool. I'm running into a dinner. I do believe the idea of Boris separating/locking 10% of the Blue Talon and DigiSight stock and allocating to David =any potential upside on that chunk of stock makes sense. Boris can control if and when the stock is sold and would have to do so ratably with his other 90%, which would presumably reside in his fund. That plus some cash should get us there. I'm not sure David will accept \$250K at this point, but I'll push and push. I do know that he only wants to see a written offer at this point, which I was going to ask you for, but you're already ahead of me! :)

It seems as though it's been impossible to get to=yes, for reasons I honestly don't understand. I am working f=om home and available to chat at your convenience.
