<=p>

Hi Steve,

<=p>

Earlier in day I finally =eturned from Brazil.

It seems that there was a=progress since we exchanged last emails.

<=p>

Jeffery Epstein (a person=that is one of the best negotiators and who knows David and Peter well) ta=ked to them few times and exchanged a number of emails.<=p>

<=p>

It turns out that the same day (shortly after your email) that David informed you that a deal is off-the table and came out with more requests, David/Peter talked to Jeffery.

After that Peter reached out to him and they talked few times.

<=p>

My understanding is that Jeffrey reached again the previous deal with some modifications. The deal was a side car 10% plus me paying for a part of legal expenses (up to 250K – minus money on Biosys account).

There was a small additional change – David's requests that if I exercise any payout of these deals through a fund, he needs to get paid at the same time.

<=p>

Of note, I am not talking=Biosys URL or name.

<=p>

I am OK with this and want to move forward.

<=p>

Could you please draft that agreement that describes a deal as well as release and confidentiality clause?

<=p>

Jeffrey thinks that it is=the best if you wrote the agreement and send it to me/him. He thinks=that he can get them to sign this week. He insists that a time is critical – we need to send it to him asap and he claims that he will have it signed.

I can connect you with Jeffrey directly if you want to talk to him.

<=p>

Please let me know<=:p>
