Janusz obtained = driveway proposals (unfortunately each proposal had a different scope of =work quoted...)

I have attached emails of all prop=sals and summary is as follows:

1) T&P Pavers=(most expensive and thorough) work scope -> pour 330 4' x 4' concrete=slabs (total area 5,280 sq ft) cost per pad = 150,000 / 330 = 454.55 they mention Town of PBI may =equire a drain system which will be additional cost total job cost 186,960
2) Patios Pools Drivew=ys
work scope => remove & replace 50 4' x 4' concrete slabs =C2 cost per pad =3D 16,800 / 50 = 336.00 =/span>total job cost 16,800
3) Palm Beach Contracting Service (best=price and seems most accurate) work scope -> remove & replace entire driveway of 4 =80 x 4' concrete slabs (total area 4,756 sq ft) cost per pad = 61,048=/ 300 (estimated pads) = 203.49 total job cost 61,048
4) Monark Surfacin= (not sure scope is what you want and would want references) work scope -> replaces 37=blocks (592 sq ft) and resurface remainder (4730 sq ft) cost per pad = 5,920 / 37 = =60.00 resurface cos= of 4730 sq ft = 17,740 + 650 for gravel total job cost 24,307

Please advise
Thank you
