we are now interested in black dock fenders as the principal was not happy with how the whites weathered..

can you please price for a minimum of 136 in quantity with possibly up to 200  
thank you

Hi Daphne, Rich, =arlos

=nbsp;I called the plant to see about production on your =equests... Let me first tell you that any custom orders for any =colors takes a stander 4 to 6 weeks.. The process goes this =ay.... first we have to meet our standard production of Black =umpers for our distr: and our dealers.. once that is done we now can =ake time to set up the injection machine, for white..... We have =o order out the color from our resin foam company, that takes a week to =et sometimes longer, It takes about half day to change over black to =hite.. We waste about 3//4 of a drum of resin used to flush, that =ost is passed on to you, labor and material used. A 400.00 charge per =ustom color... The resin has to be blended with U/V additives for =ellowing we spray in a TOP U/V paint that bonds to the urethane =esin once injected into the mold....This is a pain staking =rocess. With all that invoked we normally tell our customers 4 to = weeks.

Your new order is for 136 ea =nbsp;DU-5F ( White ) .... The bumpers that Carlos received =ere bumpers left in stock from our previous custom order, held for one =ear, for back ups for our clients, then they are sold. The price =f 135.00 was a discounted price normally our black line sells to =ealers for 154.75 ea custom colors for =86.95 ea FOB Milwaukee, Wisconsin.... We will not do =ustom orders lest then one drum of resin/catalyst which =s 1,000 Lbs apprx: 65 large =umpers...

Please be specific =n your ordered amounts and if you want to have back ups at our =ocation. All back up bumpers will be charged to you at the same price =s your order amount.. Held at our company.

A 50% deposit on your order is requested =o start. The balance plus shipping to Tropical will be paid at =ime of shipping your complete order.

Once you have =figured out the quintiles if its different then 136 ea I will get =ou a cost on what the shipping will be.

136 ea	=nbsp;x	186.95	= =5,425.20
Custom Charge	=nbsp;	400.00	+ 400.00
Total less shipping	=nbsp;		25,800.00
