Jeffrey,

I have taken your participation into consideration when I prepared your invoice and provided a significant discount for the entertainment system, just trying to barely reach towards a break even point– at best.

I am very confident that I provided you with a great deal financially and to be 100% forthright and transparent, my motivation was driven by our business friendship and the hope that you could influence my daughter Rachel's admission to Michigan.

All this said, I went way above and beyond the level of attention and service I provide to my best clients as I believe you and I have a long history and connection.

When I told Richard I will take \$10,000 off the amount due, it still impacts a small business like mine – I am not Gulfstream where \$10,000 is just a rounding error.

I would like to believe that you appreciate our relationship and recognize that the invoice was fair and quite frankly, generous.

If for some reason you still have any doubt, then I am happy to go through the invoice with you, line by line.

Let me know how we should proceed?

Best,

Eric

how should you and I think about the fact that three trips ,to islip, two charters to europe, and months of problems were solely as a result of bad windows electric, etc. . stereo . should that be only my issue, . I have of course not reviewed the bills but i will if you like

Hey, we never discussed the money that you owe me and I have next years Syracuse payment coming due.

Can you do me a favor and call my friend Richard to release payment before Passover?

Attached another Pinto Aircraft, you could perhaps look at the Floorplan and convert 006.

We are in the final stages of the the Break up, but I thought it was worth showing you this.
