Greetings Sir=

John is going to send preliminary drawings today for y=ur review. He did not need, at this point, to come back out prior to=doing these drawings for you.

The topo confirms t=at the coconut groove area behind the Buck Steel building does not have th= area needed to place a new 4,000 square foot building due to the CZM setb=ck of 50 feet.

John is concerned about erecting a=other building in that area, which may bring to CZM's attention that t=existing Buck Steel building is in fact within the established 50 foot s=tback.

Respectfully, Daphne
