These are the most current models we offer from Panasonic. That is part of the reason they were difficult to get. We updated them from the models that were originally quoted as you may recall. They are the most appropriate for the installation as well.

We offer phones from NEC but it's not a better choice.
The Panasonic phones are also in stock now and ready to go for next week.
I'll price other options of course but they aren't really better.

I'd told you that we are installing next week. The phones are in now

The delay was purely on Panasonic. The phones were unavailable
nationwide. It's unfortunate, but there really is no reason to change
phone systems now.
