Subject: heard you on surgeons

Your surgery was highly successful. your prescriptions below , and directions for post op care were clear. over 300 emails , brad related alone. no phone calls. since dec=2015 (you are welcome to them all) JPM account . Partnership) you chose to defer. (both you and i are what's called, non compliant patients) . stressing clean year. your old friend who was a hospital administrator , not a doctor =by any stretch , (though your confidence that he can become one is endearing) . knows little of real medicine has put his priorities in place. mostly silly.=2015 . I have , talked almost everyday since to your care givers . =but as a direct result of patients ignoring for years his health, a lifestyle change is and has been needed. without the attention required other organs=2015 need attention and specialists care. . once you find a highly paid doctors to join your team, - first priority , who is going to train them.. that is the key ? . another three month process at=best. see you in ten days
