**Subject:** Re:

Good morning boss

=div>We worked on the flag pole system after you left and we improve the sound quality, lower the bass, and get the tin can effect out of the mids. I would like to come over and have you listen to it to pin down the settings. I really like how the additional amps gave the system that added punch. </div>

iPad for the Denali is still being worked on the standard reset is not working so I am trying other means to default the iPad.

Regards  
Jruan
