Leon,

Yesterday, I again spent hours upon hours of my time with your office. (peak to brad to get flavor) and you and I will discuss the results in gory= gruesome detail on Friday. it mirrored many other weeks spent doing =he things that I don't have the time to do.

In order to keep things in perspective, maybe reviewing an analogy I have used before with you, =A0 might be helpful. You and your family are a 6 billion dollar corp. with an income between 250 -500 million dollars per year.=C2 It contains a few operating biz's, a large wide array of existing investments, in various categories, a desire to enter into =thers. A panoply of loans, notes, purchases, wide range =f all types of taxes. , planes, boats homes. . trusts ,=rats. a crazy number of bank accts. (with no oversight)= law firms, acct firms, 800 page tax returns, foreign firms. art co=sultants. construction consultants bill payers, home mgmt.=vast multitude of llc's , including foreign, and =A0 with all that you only have a combined overhead of less than 3 million dollars.

I have previously set you the very same note that I have enclosed again below, this time with highlights. I wrote it to you over a year ago. As my acute disability (selective memory) seems=to have been raised as one of your concerns , as a=rule I try to memorialize things in writing in an attempt to lay out=C2 issues that I fear may later turn out to be a problem. ie=C2 what I would and wouldn't do , - my responsibilities. etc =C2 and those things that are not. below you will find detail= of things that I thought needed to be done, so that you wouldn't find yourself in the very place where you currently find yourself. however ,you chose to defer many of my suggestions- see below -,until only weeks ago. ! you chose to defer =the jpm acct. the art partnership on and on - into this year. an= though the 60- 50 40 timber emails all carried with it a clear warning that you needed to do something re personnel if it were to stabilize, - you chose to wait.

ONE YEAR AGO

Feb 17 2014 i wrote :

With regard the more pressing issue I am uncertain of just how to proceed.=C2 I am torn, as my very strong inclination is not to be involved=at all . It is extremely time consuming, delicate, fraught with many=pitfall many that will make you very upset and a major pain in the ass. =A0 I wrote you months ago that the quality of the people involved need to be upgraded. (lucky for me these last issues arose way before the beginning of my involvement) I am also aware however =A0 of my overarching friendship obligations of ok, =given all the complexities who else can do it? problem.

=A0Your family office needs a daddy. children with good intentions are= running around , sniping , nitpicking with little direction. As a stopgap measure I am suggesting , we put in Larry Delson to take charge Everyone would report to him. Eileen included. He would however work for me. this is not, by a long shot my first choice as I prefer only being= responsible and standing behind my own personal work (i= the word DONE will no longer be transmitted to reflect status stated=C2 by others)

With no commitment on =y part whatsoever, to do it. So far as I have failed in my attempt in trying to think through the problem creatively .=C2 My organizations handling of=the more complex issues I believe you might find very costly,=C2 very ! (however many structures available some risk sharing, maybe risk caps ,etc) but would require my teams doing the work , not yours. Ada should be only a trust, grant administrator. not sure what=role you prefer for Eileen as you hired her initially to oversee investments. whether Rich your controller stays or not, is not urgent. having

Tom report to a new person, - is. coordination with Suydam Kathy Gregory, I would suggest limiting to one=person. The increasing public profile needs to be taken into consideration.

TODAY

With your acquiescence, Eileen did not report to Delson (he acting as = conduit directly to me), she continued to provide bad info to both=C2 you (cash flows, stock accts, structures, sales Etc) =A0 and me. and each time with my many annoying calls to you made immediate=y afterwards that she was g.....y !! No one was hired to run Y=UR office until two months ago, no one was even interviewed and ev=n now, Brad, a very nice man, is not even full time,(crazy) Hours=upon hours of time need to be spent training him. and his new staff. =A0 Eileen followed your instructions. not mine. in fact she continue= to ignore mine saying " but Leon said " or " is on Leon's desk etc ", You would become frust=ated when i pointed out each instance. of her obfuscation. original=y you were given the clear choice, but to save money ,you chose =A0 not to hire my team . I was hired to do the architecture, you kep= your own team. with Eileen at the head. instructions were=given by me, , detailed but ignored by her. (except in the instance= where I inserted myself and personally had to do the weeks of grunt=work),ex. jpm morgan acct still not in u=e? That being said, If you do the cold calculation ,starting=C2 from where you were, to where you are currently . you h=ve made a hell of a deal. -- negotiating down my o=iginal amount requested , calling upon our friendship and sugg=sting that the Carlyn mess was partially my fault. (=though in that specific example , I had never been asked to do more than m=relly provide you the name of the most highly recognized =t=ty in the field, not consulted,nor even asked again =A0 for my guidance along the way.). I accepted t=e discount as your friend. (by the way ,,suggesting now, tha= your Tom is now that last word on tax characterization, frankly is = bit much,-). however - that is all in the past.

=A0 In order to move forward

I would ask =hat you realize that very unlike yours, My business is o=ly comprised of my personal attention and my personal time =A0 . Time that I was forced to grossly overspend on your various iss=es last year. . As you are my very close friend I will not hav= you participate in a bidding process that I have decided i will hav= this year for my time . (hopefully a more fair way to allocat=) I would also ask that you keep in mind that though our dea= expired months ago. (also keeping in mind , that your understanding of th= final payment terms neither reflected the emails or my memory, we f=nished it up your way.) I have answered every call Brad , josl=n, Ada or you, have made . reviewed docs over and over/ u=til once again, I was forced to insert myself =strongly as I thought it dangerous not to. I made serious dollar and =ime concessions last year.very serious I am wilng to continue to a=ccommodate some of your concerns , but I am, under no circumsta=ces , none, willing to spend my time for free. its not fair. After c=eaning up Carlyn's mess , which was a few weeks and 30 million dollars=C2 . We were both highly aware of the dire circumstances in=which you found yourself last year, and in fact due predominately to its=C2 seriousness. and those very circumstances I took extra care in=our negotiations . (you had claimed I had you over a barrel , (a ho=rrible position to be in with my very close friend.), unfortunately I fear =hat if you are not cautious ,in the near future, another barrel will=appear of your own design)

I heard you when yo= said you believed i had already been paid for the work that is now requir=d. The art partnership has fully answered all your concerns and disc=arged all my obligations and more so. . (FYI Carlys art partnership that you referenced is =A0similar in only its title.) You will also recall that you required that my pa=ments be at the end of my work not at the beginning as everyone else's=(my work was never to include hours upon hours of training your st=ff). I eventually agreed, this of course should ma=e clear that the 2014 tax year that will close Oct 2015 =s not covered by our past agreement at all. I pointed this very fact out t= you when I initially proposed a multi year agreement right out of the box= you said you preferred not. As you said ,I have produced=C2 results to date, far in excess of even my own exalted opi=ion of my projections. I have devoted a monumental amount of my limited am=unt of time-- way, way in excess of our agreement. I will be f=ir, I am willing to roll in the amount still outstanding from last =ear if that helps .. However, As my best student , and m= only one, you are now capable of doing most, if not all= of the required work yourself. I can put my whiteboard away w=en you come to eat and just have fun, trade stories,, share moments =deas etc. . I am of course always available to guide you as a=friend if you choose that route . always . It will take a great deal=C2 of your time , but you will not have to spend any more money o= mine .

We are scheduled to meet fri at 430 , I leave=at 5 am sat morning.
