Jeffrey-as u know, most of the items listed by you are in the works--initia=ed by me (not you) for the very reason you allude to....the need for ACCUR=TE records. Record keeping--in an office essentially run by you for 18 mon=hs by remote control--is a disaster. Sorry its taking more time to get it right than you would like...

With respect to my basic question--setting up a meeting to discuss "3r= rail" issues...this is abt my 8th request. I thgt a simple: "ye=, let's do it" would suffice. I'll keep asking; you can keep =eflecting....

first things first. -- accurate record keeping, =A0 books and tax must match. bank accts reconciled. . cash flo= monitored.

As I suggested first thing should be an interactive chart of co= s docs directors holdings etc. =paper first if need be, but

ACCURACY for tax is a must an example of what appea=s endemic.

,march14 instructions to liquidate bidco ,aug Im told that bidco was =iquidated, dec im told did not happen. jan . be done shortly - as au=itors request more info, repeatedly told. no bank accounts or =ransactions. . feb then find bank accounts. then wires . then loans or advances. still unknown , now only=last week =march appears to own preferred stock, misleading =etter to auditors.? still no documents. copies of govt filings?

Phaidon needs to be done . Its been weeks and as of today= no full info.

When you come back to ny, I wld like to spend some time with you (and maybe=your white board) discussing 3rd rail issues in general, ie, if you're=rooting for me to succeed--which I thoroughly believe--we're going to =ave to start doing this sooner rather than later. Thx, b

PS: if you'd prefer to start before u get back by phone, that obviously=works too.
