Greetings Sir,

Dr. Maddirala is working=on locating the professor for the course. Once he has done so, we ca= get █████ registered.

Unfortunately, he says it=will not be today, but he has all of my information.

<=iv>If I can get her information, I can try to take care of this while she =s away once I get the green light from UVI.

I may=be able to register her online.

Respectfully, ♦=A0Daphne
