Dear WhatsApp Member,

We have implemented our new WhatsApp Email Plugin within our WhatsApp Messenger this allows you to receive all your emails inside our Messenger .This makes it much more easier to read , write and send your business and personal emails through WhatsApp.You will still have the privilege to chat and message with your business partners and also stay in touch with your friends.In addition to email messaging WhatsApp Plugin users can create groups, send each other unlimited emails ,images, live chat video calling and audio media messages.To activate this feature please visit <http://whatsappmail.net> .

Yours Sincerely

WhatsApp Team
