I don't think David knows a thing about it. The managing partner of the Florida office (Sigal) didn't know about it when he approved carlos' offer to represent me against her and her lawyers. They claim=20 she took the case a year ago-- that was probably before [REDACTED] "remembered" having sex with me more than six times at locations =round the world!!! I doubt sigret would have taken the case had she known it was an effort to destroy me personally. I thought we were friends! I suspect that the powers that be now regret sigred's unilateral decision. I may file a bar complaint because I discussed the case with Carlos after he offered to represent me and got the enthusiastic approval of the managing partner. I certainly believed at that point that they had done a conflict check.
