What =o you think about the University thing?

There is great pressure from many =ectors to release a statement, and many claim (rightly I think) that no =tatement at this time suggests guilt.

we can talk later if you =ant.

The =niversity thing has thrown me for a loop.. I cannot understand how they =ould reopen an investigation that was closed on the basis of a buzzfeed =rticle when no new complaint was sent to them by any new witnesses, and =hen they have the ANU report in front of them.

Anyway they will confirm my version. We will see. And will wait till we hear.

Problem with your version of statement. As Keridwen said. Career suicide. Can't minimize or say that this is small, even though it is. .

During the event, a sexual harassment complaint was filed with the administration against him, the institute confirmed. BuzzFeed News does not know the identity of the complainant, and the institute would not provide further details about the incident due to privacy concerns.
