Friend

Sorry for troubling you, I'm having trouble getting an answer from Darren for my last 2 mails.

Essentially

a) I requested a 200 K\$ refill of=the Prytanee funds, to be able to purchase again. Jack is now "full seeded" on board, referring me people specialized in Middle East and Afr=can Art, but I can't buy.

b) We are some months behind on m= consultancy and I additionally need Darren to direct me towards a company=to invoice as regards Jack's car service (he is using it reasonably, but I=am getting billed now).

to be fair, I have myself been a =ittle late on paging Darren because of the Euronext secondary offering I had to perform.

Can you please help us get things=rolling again, I saw Jack on last Saturday and will see him again tomorrow=for dinner (he is planning to be at Dubai Art Fair on the 20th) and he is =mpatient (you know him) so I want to firmly reassure him (already did to some extent last week)

Hope all is well on your side

xoxo (with the proper hand greeti=g)
