sorry sorry I expect this natural disaster of a medi= shit storm will last the month. like a hurricane or tsunami, little can be done=to effect it. if you stand up now , it is not without risks, =the press only wants to complete its version of a salacious story , not hear the truth, so any denials will be met with a stronger wind of allegations =20 . Unforrtunatley I think after its over this time , and it will=be,= again, we will need to assess damage and begin a strategy to rectify,=20 modify, but it will not be the same. you are physic=llly fine, as am I . I however recogninze that that is little comfort at the mome=t. After you talk to [REDACTED] , I think he will agree. the press i= looking for any embers so as to be able to keep the fire alive. =A0 relatives. neighbors. school chums its disgraceful,=C2 but letting the storm in , by opening the door even a crack, has i t=ink more risks at least at the moment then benefits.
