Yesterday, Jeffrey and I spoke briefly about my init=al priorities and I thought I would set them out so that the three of us c=n discuss them as necessary.

Broad<=u>

1. Address =taffing so that I have at least one individual who I can rely upon for cri=p, accurate, timely information.

2. Understa=d asset ownership and ownership structure.

3. Cash flo= projections.

1

4. Create c=gent monthly financial reporting in standard financial operating formats (=u>e.g., P&L, balance sheet, cash flow statement).

5. Cogent procedur=s for Trustee Interaction.

6. Integrit= of data and data retrieval.

Narrow (Project Based)

I have a list of 40-45 items ranging from getting a deeper understanding of=Phaidon Global and Regan Arts and reviewing all intra family debt and inte=est payments (all entities) to setting up on-line banking and setting up t=e Art Partnership. (All of Jeffrey's list is incorporated.) Happy to discuss.
