It shouldn't effect Departure,. Dav= responded about the snow on the GIV, so he knows to go out early and start=de-icing the plane, The CJ3 tail issue will not effect Departure,, I just wanted Dave to have heads up on amount of snow, so You wouldn't be delayed for Departure,.

In Teterboro tonight, a Cessna CJ3 tipped on its tail due to snow accu=ulation on its tail,,

I'm sure de-icing the GIV will take a couple of hours in the morning=

Snow has passed in Ny, however temperatures remain approximately 34° th=u the evening, not warm enough to melt the snow,.

Just heads up

Thx
