**Subject:** Converter

Jeffrey,

Fan inside Coffee maker works normal,,, the plug where the HotPot was plugge= in is a 400cycle type aircraft outlet, not to be used, we covered this plu=.

Facts:

60hz / 110vac converter that smoked is the one that powers ONLY the microwav= in Galley, Gulfstream Savannah has replacement 60hz converter for \$10,300

We troubleshoot the L/H Aircraft converter and confirmed it's the con=erter failure, not the engine driven alternator., Gulfstream's price \$55,000 Corporate Jet Spare's \$54,000 Business Aerotech \$43,000

Do you approve of \$10,300 for 60hz from Gulfstream And \$43,000 aircraft converter from Business AeroTech?  
Both parts would arrive tomorrow for install,

Parts should be completely installed by 5pm tomorrow.

Pls advise if you approve of these purchases?

Thx,  
Larry
