My recommendation for the i=acs would be:

iMac 27" with 5k display  
=div>4.0 GHz Core i7 CPU  
16GB RAM  
1TB Fusion Drive  
2GB ATI GPU/Video card  
AppleCare

S=ips out in 5-7 days  
\$3,118.00 ea

I'=guessing that the boss means the new iPad Air 2 (the mini update was mino=). The 128GB  
cellular model is \$829+ \$99 for AppleCare+. 4-6 days til ship=ing.

For the MacBook, we have choices between the 11" MacBook Air, the 13" MacBook Air / 13" Retina MacBook Pro or 15" MacBook Pro, depending on who needs it = for what they're using it.

As a baseline, the 13" MacBook Air with Core i7 CPU, 8GB RAM (the max) and 512GB storage is \$1,749.00 + \$250 for AppleCare. 1-3 day to ship.

The logistics of the iMac upgrades are a challenge. We have three choices:

1. Buy cardboard shipping boxes for Zorro, Paris, + Florida and have them ship the machines to NY for me to migrate the data.

I will go down to the island and handle the 5 machines there (air flight cost vs shipping cost of 5 machines). If desired, we can send 5 boxes down & I can pack them up to be returned to NYC — but it might make more sense to donate them to an island charity for the write off.

The boxes are around \$50 each.

2. We buy one \$750 pro shipping case and send it back and forth between the properties (send to Brice empty, have him return it full, ship him the new machine in its new box and send the box to FL, etc.). Still going to the island.

=div>And 3. I basically fly in to each site and do the upgrades there.♦=A0

I don't trust anyone to do the upgrades for me. Flights leaving have to switch off.
