F,

I'm completely fascinated by a new book:  
Sensation: The New Science of Physical Intelligence by Thalma Lobel

Embodied cognition

I think there's a relationship from here to music, self-deception, and beyond. It relates to the Essential Self research I've been doing.

I'm on my way to Boston for a couple days of meetings, then CA for meetings. Then NYC! arriving July 8, and staying until the morning of July 13. Thanks again for an apartment for that week. I'm going to NYAS mtgs (Boris' friend= Ellis Rubinstein, runs that org). The Reynolds will also be there.

Any chance of seeing you?

I hit a bump with bronchitis mid-April & May. Now back on track.

Xo
