c minus at best. sorry. &n=sp; . the perimeter story as only an example of why this is not good.=nbsp; . 1. you cannot keep hiding from what they ma= say. I have asked for your to call . you tel= me you cant find the number??!! I ask you to get info. you tel= me you have no time. I ask you to send emails. &nbs=; you

said you did that before and got no response. . No where in the buzz feed story does it mention banned. but you continue to use that phrase. they sent it to you , so as to clarify their position before publication. and you did and they did. It is suicide to publish this without full knowledge of what they might say, and even then you refuse to ask. . Perimeter will maintain that there was a sex complaint and they don't have to tell you who it was= but it was investigated fully and your lecture was canceled AS A=RESULT !!!!!!!? don't know if under their rules you have a right to see=anything as you are not a faculty member. If the perimeter source comes and says. it is their understanding based on a confidential communication that you asked one of their students to suck your c=ck. what will you do? . it is not defamatory. = you had not told me that you went back and asked year= ago. and were denied. details. .

you received restrictions on your attendance from TWO institutions. &=sp; so there is an inherent finding of wrongdoing. . . not sure who your audience is ?

I have been accused=of... ogling , inappropriate comments bad jokes and awkward s=x solicitations from non student s. I apologize and will inform the public in detail of my responses and the outcome of the ASU investigation. I am confident that when all the evidence is out I will be exonerated from these claims.
