When u get your colonoscopy on mon make sure they look hard at to top of you= colon And You must have them give you a copy of the cd Then VIP you give it to another doc not in the same office to also review
Reason john v who now has cancer through out his entire body had a colonosco=y 3 years ago. The doc missed the start if cancer at the very top of the co=on John did everything correct on tests and the guy **missed it on the cd=review
I have a great guy to review it if you Need a second review doc See you mon afternoon They are going to put you out I hope. You know it's no big deal the actual t=st.
