published <<http://origins.asu.edu/>> its investigative article detailing a decade-long history of sexual misconduct claims alleged against Lawrence Krauss, a theoretical physicist at Arizona State University. The university has since said in a statement that it is investigating the matter, but did not announce any administrative actions taken against him. Other scientific organizations have since <<https://gizmodo.com/science-organizations-cancel-lawrence-krauss-events-aft-1823280632>>

Sun Devils Against Sexual Assault, an survivor-activist organization at Arizona State University, did however start a Change.org <<http://Change.org>> petition <<https://www.change.org/p/asu-f=relawrence-krauss-for-decades-of-sexual-misconduct>> yesterday, pressuring the university to fire Kra=ss.

"Arizona State University has protected faculty sexual predators for decades,♦=9D Jasmine Lester, an ASU alum and director of the organization, told Gizmodo via email, referencing past incidents when ASU =rofessors <<http://www.ph=enixnewtimes.com/news/barrett-the-honors-college-at-asu-is-a-close-knit-co=community-some-say-too-close-6633269>> have been found to be sleeping with their students, "but we hope t=at with so many witnesses and victims speaking out the ASU administration will make the decision multiple peer institutions have made to ban Krauss from campus and protect students from sexual violence."
