read the proposed presenation re DAF. 1 = take at face value your suggestion to continue to email you though there =s no response. 2. the presentation is still born. . 3. =C2 If we assume three major points , you and your vas= experience, toughtful goals and the donors self interest. =A0 I would estimate 10 to one on people initally focusing on their o=n self interest . How is this good for them, (you are s=uggesting partnering with them) . you will share your practical as w=ll as theoretical perspective on grand giving. They all intend=to give some to charity , but will also face the realization that each one=trying to create their own private foundation , in the end makes little se=se. as they all wilil search for the phantom foundation genius that has gr=nd giving experience. (there are only a small handful). they will =ll have the same reporting requirements, back office, grant making e=c. . Your idea of partnering relieves them of major burd=ns while maintaining their flexibility both giving and tax. .=C2 many more things to revamp . more helpful if we ta=k , as you know I don't really email much. fyi Katy =uemmler who i mentioned said she is doing some work for kinnect? . (Latha= and Watkins,, she know brad smith). do you=have any interest in meeting Bill Burns. ? If you can organize=to return to ny the week of the clinton initiative many people , you=might find interesting are going to be in town.
