Eva and Dr. Port: Below is an updated Phillips letter. I removed the listing of confirmed pieces per Sara and Philae's recommendation, as Marianne's artists are not yet 100% confirmed. I also added the Suggested Artist List to the bottom of the email, as opposed to attaching it, to make it easier for people to view. I look forward to reviewing this with you tomorrow morning. Thanks! Jessica

Subject: Seeking Artwork Donations for Phillips Auctions Supporting the Dubin Breast Center

Sent on behalf of Drs. Elisa Port and Eva-Andersson-Dubin:

Dear Friend,

As you may already know, the Dubin Breast Center has partnered with Phillips on their upcoming Contemporary Art and Design auctions. All proceeds from the sale of pieces generously donated by Dubin Breast Center supporters will

go directly to the Center to support its lifesaving services and cutting-edge research. Our Friday, September 26th deadline for securing works of art is approaching.

We are seeking contemporary paintings and drawings, furniture, sculpture and photographs with a minimum estimate of \$20,000; the Suggested Artist List below indicates those that would be excellent fits for the auction, and we would gladly consider others. Artwork will be offered in the Contemporary Art sales in November 2014, and furniture and other works of decorative arts will be offered in a specialized Design auction in December 2014. Phillips will designate the net sales proceeds to the Dubin Breast Center and will waive the vendor's commission in addition to other related costs. Several generous individuals have already committed to donating pieces.

Would you be interested in donating work to support the Center, or helping us secure donations? If so, please be in touch with Gretchen McGarry at Gretchen.McGarry@mountsinai.org <<mailto:Gretchen.McGarry@mountsinai.org>> or 212-731-7436. We would be delighted to discuss this with you and will call you to follow up and answer any questions you may have.

The Dubin Breast Center at The Tisch Cancer Institute, part of the Mount Sinai Health System, is one of the best centers for breast health in the country, offering innovative prevention and treatment options that address the needs of each patient in a calming setting. The Dubin Breast Center is dependent on philanthropy in order to treat thousands of patients a year, regardless of their ability to pay.

Thank you in advance for your consideration of our request and your support of the Dubin Breast Center.

With warm regards,

Elisa Port, MD, FACS
