Subject: Call Today Please

Mr. Epstein,

If possible please make th= time to reach out today via Skype. I need to confirm the strategy and exp=nses we want to launch - this is something [REDACTED] and I have been hard =t work preparing and are ready to unleash.

I need to tap into the best outlets you can bridge us i=to (Scientific American) - and need to approve the ones I have selected fo= content we have lined up.

There are a few other =asks I will update you on but my team is in a holding pattern until you an= I speak.

[REDACTED] - Thank you for your patience and sorry for b=ing short on the phone earlier. I am getting frustrated with not deliverin= the results we need and am feeling a bit held up by these delays. I reall= appreciate your hard work and support together on this.

Respectfully,
