Read a few paragraphs earlier.

Anyway they will confirm my version. We will see. And will wait=till we hear.

Problem with your version of s=atement. As Keridwen said. Career suicide. Can't minimi=e or say that this is small, even though it is. .

c minus at best. sorry. ; the perimeter story as only an example of why this is not good. ; 1. you cannot keep hiding from what they may say; I have asked for your to call. you tell me you cant find the number?! I ask you to get info. you tell me you have no time. I ask you to send emails. you said you did that before and got no response. . No where in the buzz feed story does it mention banned. but you continue to use that phrase. they sent it to you , so as to clarify their position before publication. and you did and they did. It is suicide to publish this without full knowledge of what they might say, and even then you refuse to ask. . Perimeter will maintain that there was a sex complaint and they dont have to tell you who it was. but it was investigated fully and your lecture was canceled AS A RESULT !!! dont know if under their rules you have a right to see

anything as you are not a faculty member. If the perimeter source comes and says. it is their understanding based on a confidential communication that you asked one of their students to suck your cock. what will you do? . it is not defamatory. you had not told me that you went back and asked years ago. = and were denied. details. .

you received restrictions on your attendance from TWO institutions. so there is an inherent finding of wrongdoing. . . not sure who your audience is ?

I have been accused of... = ogling , inappropriate comments bad jokes an awkward sex solitations from non student s. I apologize and will inform the public in detail of my responses and the outcome of the ASU investigation. I am confident that when all the evidence is out I will be exonerated from these claims.
