plan that i p=opose for your approval

1) crane takes 2-2.5 hour= to set up which will occur from 8:00-10:30am
2) during that tim= they will remove 2 rows of pavers and re dig hole for your approval which=will be sent via
photos
(i also told carluz to take photos=from balcony to give better perception)
3) then crane will do fo=tail replacement to begin which will take until at least 12:30-1pm
4) then Areca will begin and George will FaceTime with you to ensure loc=tion is proper and that you are
comfortable with everything

please advise if ok
thank you
