Jeffrey,

Great to be connected!=C2💎

To give you a bit of context on me, I have been in te=h for my career to date, first at Facebook and then at a an enterprise sec=rity bitcoin company called BitGo. I started investing full time three yea=s ago when my business partner and I raised a generalist VC seed fund= We deployed that over the next two and a half years, and I then raised a =ew fund, Autonomous Partners. Autonomous is entirely focused on cryptocur=encies and blockchain investments.

I =plit time between New York and San Francisco - I don't have dates set =et for my next trip, but it should be in the second half of July or early =ugust. Will you be in town then? Would be great to connect if so.

Cheers,

Arianna
