LEts make the credenza cover and the table cover r=versibel and able to be non slidable. maybe a silver pearl ultrsuede on on= side and a stirated rubber on the other. lets talk. we should be able =o place plates on either that won't slide in turbulunece.

I would also appreclatae it greatly if you both checked the cushion= on the sofa compared to the G2/. I do not think it was right. . =he foam might be the same but maybe beacuse of the compressions on stichin= it felt differnct. this as you know is very important. even if you =ave to change out with gulfstream.
