Please feel free to return the 35k that was sent to you. As tomorrow is the end of the month and as of now we have received not even the caterpillar numbers that we were promised, nor a rebate of an outrageous fee that was paid at your request to them. New York City is not one day ahead of when we started. I suggested to Jeffrey that we reengage when there is value engineering to be done. The name of the competitor was not forthcoming, Jeffrey had to send people down from palm beach to do the floors. We were told a mechanic would go through each piece of equipment and report back. I am very disappointed as I know Jeffrey is. I suggest you own up to this failure and reengage when you have the time to devote to the project...
