Subject: Reid / Fund

Reid said he will be in touch in the next few days. Seems like he really =ad gout and had to reschedule everything.

I talked to him about your thoughts on other structures than funds but I =hink he agreed with me that having my own fund is the most efficient =ime-wise and financially because working with any partner who would =ive me a deal worth taking would probably require more relationship =anagement than actually running my own fund.

He said he would be OK with putting in 15M into the fund. Can I 15M from =ou to match? This would get me to the minimum 30M so I can get off and =unning and fill in the rest of the 50M with the rest of the folks but =eel secure that I'll have the minimum. This also allows me to =ust pick the investors that I think can contribute deal, support or =ollow-on funding and won't require too much hand-holding.

I'm around today and free until 3PM if you have time to talk.
