I have her phone - white unlocked iPhone 5.

However when I bought it they told me that I had been informed incorrectly earlier. These phones can take prepaid SIM cards from T-mobile etc. If we put her on our contract here they say it will automatically lock the phone and she won't be able to put her Russian card in and use it in Russia. If we do a prepaid SIM card with no contract she will be able to take it out in Russia and put her own one in. Should we do prepaid? If so how much shall I put on it?
