[REDACTED] is now liking this mirror to use in the living room in Ebony \$899.00. It is the same color as her floors and same finish as the TV stand. We are still in need of a large mirror for the bedroom so we could use the infinity one you approved this morning in the bedroom (she likes that idea). If you like this one for the living room?? The sofa and walls in the living are cream and the side tables and dining table glass and chrome.
