Jeffrey

I spoke with Eric,,

He will be out of town March 9-13th,,, he would like to select G550 divan material in person with you March 14th or later , he'll need to check=Availability of a selected material, and also send for fire block certifica=ion. Eric recommends 2 to 3 weeks after you select a material before dropp=ng the G550 for Divan fabric install, as well as Divan end cap fabrication.= he will use your current foam for divan as oppose to making a second set o= divan cushions. (I think it Makes sense to fabricate new cushions to save o= Down time, maybe?), With this information, Gulfstream in Savannah can start the 24month inspectio= March 12th to be completed by March 23rd to be safe,, virtually picking up=the G550 and dropping off the GIV.

This way the GIV will be ready to fly when you decide to leave the G550 at E=ic by April 1st, as long Eric has all fabrics in stock with proper fire cer=s.,

I prefer Savannah over Palm Bch,,, in the past West Palm Beach has always del=vered late, I don't think we will have that issue in Savannah.

Do you approve of Savannah input for GIV March 12th based on G550 in service=March 9th?

Pls advise,,

Thx

Larry
